ROBBINSVILLE

UPDATED ABC GUIDANCE ON DELTA 9 PRODUCTS

Amendment to P.L. 2025, c. 215 Signed by Governor Mikie Sherrill, ABC is updating its guidance. This amendment does not alter the requirement that, beginning April 13, 2026, intoxicating hemp beverages may be sold and distributed only by plenary wholesale licensees (license type code "23") and plenary retail distribution licensees (license type code "44") and holders of an applicable Cannabis Regulatory Commission (CRC) license. However, the amendment does extend the compliance deadline regarding the dosage of total tetrahydrocannabinol (THC) contained in intoxicating hemp beverages from April 13, 2026 to May 31, 2026. See S3945. As a consequence, plenary wholesale licensees and plenary retail distribution licensees may continue to distribute and sell intoxicating hemp beverages in excess of 5 milligrams (mg) of total (THC) per serving or 10 mg of total THC per container, without a certificate of analysis, until May 30, 2026.

Beginning on May 31, 2026 and ending on November 12, 2026, intoxicating hemp beverages may contain no more than 5 mg total THC per serving or 10 mg total THC per container, and the sale or distribution of each intoxicating hemp beverage must be accompanied by a certificate of analysis.
